THROUGH: Erin Rogers, CEO/General Manager
FROM: Connie Raya, Director of Maintenance
SUBJECT: **Purchase Order MNT25-23, Compressed Natural Gas (CNG) Transit Buses**

Form Motion

Authorize the CEO/General Manager to award Purchase Order MNT25-23 to New Flyer of America Inc., of Saint Cloud, Minnesota under the California Association of Coordinated Transportation (CalACT), Morongo Basin Transit Authority (MBTA) Purchasing Agreement 23-01, for the provision of eighteen (18) Compressed Natural Gas (CNG) Transit Buses in the amount of \$16,088,607.86.

Strategic Plan Alignment

This item aligns with Goal 2 – Customer Experience – *Provide an overall customer experience that reflects reliable, responsive and exceptional service and promotes ridership growth.*

Initiative f) Update our fleet maintenance and facilities standards to improve our image and amenities and to attract and retain riders

Background

This item was reviewed by the Administrative & Finance Committee at its May 15, 2025 meeting and recommended to the Board of Directors for approval.

Omnitrans requires replacement vehicles for its fixed route services. The eighteen (18) 40' CNG transit buses will replace existing transit buses which have reached the end of their useful life.

The proposed purchase of these vehicles utilizes the California Association for Coordinated Transportation (CalACT) – Morongo Basin Transit Authority (MBTA) Purchasing Agreement, Contract 23-01. This statewide CalACT contract leverages broader economies of scale than an individual, agency-specific small solicitation. The firms on the CalACT contract were selected through a larger, Federal Transit

Administration (FTA) complaint solicitation.

This procurement meets the requirements of Omnitrans' Procurement Policies and Procedures.
